The Lemon Grove Woman's Club, Juniors are planning on having a wonderful time Friday at 9 p.m. at their Semi-formal Dance, "Snow" Ball. Tickets are \$3.00 per couple and may be purchased at the door. The dance will be held at the Singing Hills Country Club, and many members and their guests are planning to dine at the Club. Mrs. Arva Piepenbrink and Mrs. Pat Eldridge are in charge.

Next Tuesday night the Juniors and their husbands will have their annual Christmas party, and for something new the husbands have been invited. It will be held in the beautiful new home of Mr. and Mrs. Ralph Kraft on Loma Drive. Getting in the spirit of Christmas rather early but it's sure to start the holidays off with a bang!

Wednesday night, the Lemon Grove Juniors were hostesses for the San Diego District Juniors with Mrs. Marian Camp, District President, presiding. Plans were discussed for the Valentine dance and reports were made on the convention at Palm Springs.

## Incorporate or be Annexed By S.D. Speaker Warns

"You can't stay as you are," Dr. Morris Hayes told members of the Lemon Grove Men's Club Friday. "You've got to incorporate Lemon Grove or be annexed by San Diego," he added.

Dr. Hayes, an MD, is planning commissioner of the newly incorporated city of Imperial Beach. "We incorporated June 6 with a majority of 24 votes and the city is thriving in spite of a shoe string budget," he said.

He told how two other attempts had been made to incorporate the city had failed but determination to maintain boundaries, get better services and enjoy planning designed expressly for the community gave enthusiasm for continuing to try until incorporation was obtained. Between attempts at incorporation, San Diego attempted annexation, he said.

"You have the same problems in Lemon Grove we had in Imperial Beach. In addition you have a larger area and more people," Dr. Hayes said. Imperial Beach has 10,000 residents plus a population of 2,000 service personnel. Lemon Grove School district has a population of 21,000.

Dr. Hayes said his city had a \$550 a month city manager and a \$500 a month city attorney and no increase in the tax burden is

## Lemon Grove Flyer Hit by Higher Taxes

We've complained about the San Diego and Arizona Eastern Railroad, which runs through the center of Our Town, blowing its electronic whistle far longer and louder than any idiot should.

They blew it so long last year that the county assessor heard the clarion call and slapped an additional \$9,900 tax charge onto them.

The SD & AE Railroad will pay \$121,813 in county taxes this year. We recommend next year's assessment be in ratio to the unnecessary noise ordered by their vice president in charge of blowing that d— whistle from Encanto to the outskirts of La Mesa.

## Burglar Beats it When Benny Worley Comes Home

A burglar was greatly surprised, almost non-plussed, in fact, when Benny F. Worley, 8145 Valencia Street, came home at 4 a.m. Sunday morning.

As Benny entered the front door he heard sounds indicating the rapid exit of some stranger, who ran out the back door.

This stranger crossed the back yard, jumped over a fence and escaped through a field. Sheriff's deputies said the burglar entered through a window and had ransacked kitchen drawers and searched a closet before Benny surprised the gent by his appearance.

Benny didn't say what brought him home at that hour. It's dark as a squaw's pocket that time of day, in case you haven't been up that early lately.

Benny found nothing missing except the burglar.—D. H.

## HELIX JUNIOR BECOMES BRIDE

Mrs. Philip E. Lindsay was Miss Carol Kay Kniss before her marriage in mid-November.

She is the daughter of Mr. and Mrs. H. H. Kniss, 2655 Bonita Street and was a Helix Junior. The groom is the son of Mr. and Mrs. J. R. Spencer of National City, and is employed as an assemblyman at Envar.

The couple was wed at the United Brethren Church in San Diego by minister O. F. Harnish. Maid of honor was Helen Hoskin, Spring Valley; bridesmaid was Audrey Hass, Lemon Grove, and the bride's two brothers, Harry and Jerry, were ring bearer and usher, respectively.

The couple went to Las Vegas for a honeymoon.

### CHANGES MEETING DATES

The Lemon Grove board of Fire Commissioners last meeting agreed to change the trustee's meeting night to the third Tuesday each month. It had been previously held every second Tuesday.

Next meeting will be December 11th.

## First Bills For Auto Licenses Arrive Here

First of the bills for California 1957 renewal of automobile license tabs were mailed to truck and trailer owners last week.

These license renewal bills become due and payable on or before February 4 after which a penalty will be added. The penalty is 100% of the registration fee, or \$8 and 50% of the license fee. The latter is the difference between the total bill and \$8.

Passenger car renewal bills will be mailed toward the end of the month.

George Reinert, department of motor vehicles representatives at the local office, 7787 University Avenue, said that stickers could be obtained any time after the bills are received.

He said that he hoped passenger car owners would wait until full complement of cashiers were put to work before charging down on the local office in great numbers. Additional help will go to work there January 2, Reinert said.

Money orders, cashier, certified or personal checks will be accepted at the La Mesa office Reinert said. Cash should not be sent by mail. Cash, naturally, is as acceptable as anything else when applicant applies in person. Applicant prints his name and address on the front side of the card, signs his name on each end of the back of the card, puts the short end in his auto with name and address visible to anyone outside the auto, mails or takes the other end to the California Department of Motor Vehicles at the University Avenue address and gets his 1957 sticker.

The part exchanged for the tab must be accompanied by moola. The tab this year is an adhesive tape. Once attached it cannot be removed without mutilation.

Reinert cautions motorists to attach the tape tab at once because of the possibility of its being lost or discarded. A part of the

## Work Started on Spring Valley Sewers

Last Thursday was an eventful day for Spring Valley, for it was then a dream of many citizens came true. Work was started on the Spring Valley sewers.

The L. Castillo and Tibodo Construction Company of Vista who were awarded the contract to construct the trunk lines started digging just south of the La Pressa Airport. A great number of pipes had been strung in the direction of the proposed treatment plant.

The company will have their storage yard and office on Bancroft Drive just north of Troy Street.

Work on the treatment plant will soon start.

## Knife Wielder Pleads Guilty

Theodore Shufelt, 37, of Downey, pleaded guilty in Encinitas Justice Court to a charge of displaying a two-inch knife blade in a threatening manner toward

money collected by the CDMV goes back to the county from which it originated for use on roads.

## James Casteel, Early Resident Dies at 63

James "Jimmie" Casteel, 63, brother of George and John Casteel, died Tuesday of a heart attack at Grossmont Hospital.

Casteel had lived in Lemon Grove for 20 years and recently moved to 3376 Meridian Street, just north of the freeway.

He is survived by his wife Junita, a daughter Mrs. Bruce Moss of La Mesa and a son Jimmie.

Services are being held at Erickson Mortuary in La Mesa.

## LOWEST COST PER FOOT IN STATE

## Mt. Miguel High School Award Goes to Local Contractor

O. L. Carpenter, Lemon Grove Contractor, was low bidder on the new 57 classroom Mount Miguel High School to be constructed on a 50 acre site on Sweetwater Road and Jamacha.

The school will be ready for occupancy September 15, 1957 and will accommodate 1,500-2,000 pupils.

Carpenter's bid of \$1,719,010.00 was \$6,000 lower than the architect's estimate. It was \$76,000 lower than the Frank Young Co., second lowest bidder.

Architect is Herluf Brydegaard of San Diego, who has attracted nationwide attention with money saving innovations in school construction designs.

The new school will be built for \$10.55 a square foot for the 162,839 square foot facility. A \$103,000 site development contract has already been completed and was not part of the award.

Carpenter has been consistently low in the school construction industry. He built Helix, El Cajon high, El Cajon junior high, Sweetwater high, Castle Park junior high and Pendleton elementary and others.

Brydegaard is a proponent of cost cutting techniques in school design. He favors a back-to-back classroom layout which permits a single string of utility lines to serve each wing by running them down the middle and putting corridors outside. The more expensive multiple utility lines are required in conventional designs. He is the first architect to use this arrangement locally on sec- (Continued on Page 10)

Leonard Hayes of 9142 Kenwood Drive, Spring Valley, September 30 in Solana Beach.

Hayes was returning from working up the coast and had stopped for coffee. He told deputy sheriffs that he saw Shufelt removing clothing from his car when he came out of the restaurant. Hayes said that Shufelt threatened him with the knife when he asked him to stop.

Shufelt maintained that he was not guilty, until Monday, when he changed his plea to the court. Judge John Martin suspended half of a \$150 fine and all of a 30-day jail sentence against Shufelt.

Nothing was said about the clothing.

## WASHINGTON SUMMARY by ED KOTERBA

BOLD U.S. TALK. State Department officials — and, of course, President Eisenhower — were not bluffing last week when they gave Russia an "ultimatum" to stop sending arms to Syria.

The firm stand is based on intelligence reports that Russia (1) does not want to risk war because of the threat of our overseas-based A-bomb carrying planes, and (2) is suffering from acute internal unrest within the Soviet border itself.

Reports here have it that one big reason the Russian people are getting edgy is that their cost of living has soared almost to the breaking point.

TIGHT MONEY PROBE. One of the first jobs of the new Congress will tackle will be to determine how much the present "tight money" policy hurts the house-building industry. Many construction firms are claiming they're being run out of

business because potential buyers can't get adequate loans for a down payment.

The congressional hearings are expected to pave the way, at least, for much greater relaxed payment schedules on veterans' homes.

AILING SENATOR. The eyes of Congress are on the Bethesda Naval Hospital, where aging, ailing Sen. Matt Neely, West Virginia Democrat is confined.

If Neely were to quit, the Republicans would most likely gain control of the Senate. It is naturally expected that Cecil Underwood, West Virginia's GOP governor, would appoint a Republican to fill the vacancy.

This would give the Republicans a one-vote edge in the Senate.

CIVIL RIGHTS SPLIT. Republican leaders are predicting that the Democrats will experience the (Continued on Page 6)

## First Installment County Taxes Due Monday

Monday is deadline for the first payment of county taxes without penalty.

The rate of payment is running about the same this year as last.

Roughly 60% of the bills will be paid by deadline.

The second installment becomes due April 10th. Nearly 13 millions had been collected up to the end of November. Fifty-seven million must be collected by the final payment deadline.

The tax collector's office sends out more than a quarter million bills and collects for all taxing agencies except irrigation districts.

## THINGS DOIN' & BREWIN' About Civic Center

By DICK HENDERSON

Tuesday dawned bright and clear, "no smog, burning permitted."

There was no burning at the supervisors' meet, little oratory, lots of routine business. All members present except Frank Gibson, who was at the National Association of County Officials for the annual convention.

Gibson, a member of the welfare board, put up a fight for federal aid to children in boarding and foster homes and his proposal won final unanimous vote of approval.

The association will consider at its general session Gibson's request for its support of congressional action.

William R. MacDougal, general counsel for the Supervisors Association of California, predicted Gibson's plan for federal legislation will pass in the general session by an overwhelming vote. He said, however, that it was the subject of a fight in the welfare committee.

"It was bitterly contested," MacDougal said, "but this old social worker's fight—to get government help for those children who must depend on local or

## Washington News Service Added to REVIEW

A new Washington news service has been added to the pages of the Lemon Grove REVIEW.

The feature, "Washington Summary," will bring readers a weekly digest of spot news from the Nation's Capital, including "inside" stories and significant news developments.

The column is written by Ed Koterba, former prize-winning reporter on the Washington Post, whose byline appears in more than 100 newspapers across the nation.

One feature of the column is a reader's information service that gives the lowdown on "What's free in Washington."

## Public Agencies Council To Consolidate Elections

Representatives of ten taxing agencies in the Foothills area met last Thursday evening at the El Nadadero Club in El Cajon and studied problems affecting each body, and the communities as a whole. The meeting was organized by Glenn Howell, chairman of the Citizens' Committee for Good Schools of La Mesa-Spring Valley and long active in all community projects. Representatives included L. L. Freeman, Grossmont Union High School District; A. D. Doyle, Spring Valley Fire District; F. L. Boyd, Grossmont Hospital District; J. E. Hunt, El Cajon City Council; J. E. Hunter, Cajon Valley School District; T. Parsons, Lemon Grove Fire Protection District; Dr. C. J. Padfield, La Mesa-Spring Valley School District; R. R. Rundle, Helix Irrigation District; R. S. Harness, La Mesa City Council and C. P. Mason, Lemon Grove Elementary School District.

Dr. C. J. Padfield of La Mesa was elected chairman of the newly formed organization, which is to be known as the Public Agencies Council. Briefly, the aims of the newly formed group include the fostering of a better understanding and closer relationship between all taxing bodies in the community; a pooling of ideas and experiences of the various groups that may benefit the others; and an effort to coordinate any functions that would tend towards overall economies for the entire area.

One of the first undertakings of the newly formed group is that of sending communications to all legislators representing our area, advising them of the formation of the group, and requesting that they support a bill or bills to bring about a consolidation of elections for the various governing bodies; and that they support a bill or bills to set the maximum repayment on State Loans for School Districts at 40 cents.

MacDougal said social workers have been waging a losing battle for the last 21 years to get the federal government to take welfare-case children under its wing. The government does help support a particular group of destitute children. But the stipulation is that before federal funds are granted, it must be proved that (Continued on Page 7)

## Fire Department

### 'Saved Day' For Red Cross

The Lemon Grove Fire Department played a "Good Samaritan" role in a report made at the November meeting of the local branch, American Red Cross, held in the Education Center. In reporting the 75 hours, 50 minutes, and 321 miles turned in for the period by the three drivers serving, Mrs. Frank Armstrong, motor corps chairman, told of the rescue work done by local firemen when the car used to drive patients to various hospitals, broke down. They hauled it in, repaired it overnight, and had it ready for use next day, so the corps' schedule was not interrupted.

Mrs. Armstrong also reluctantly reported "no results" from the recent appeals for volunteer drivers. This called forth a comment from Mrs. Hervey, the branch's guest from the San Diego Chapter: "If we were in a war," said she, "there would be no lack of

## WORKER CITED FOR SAVING PARTNER'S LIFE

Insurance representative from Los Angeles Carl L. Farham presents gold watch to Finis Childress of the Guy F. Atkinson Co. as a citation for saving a fellow worker's life. Duke Fowler, superintendent, left, and Tom G. Hawley, engineer, right, look on approvingly.

Finis (Chili) Childress of Delhi, California, an employee of the Guy F. Atkinson Company, last week was cited for saving the life of a fellow worker, Thede Allred of Spring Valley.

The presentation was made by Carl Farham, Los Angeles accident prevention manager for Employers Mutual of Wausau, Wisconsin. Site of the presentation was on the new freeway near Home Avenue in San Diego. Duke Fowler, superintendent, Tom Hawley, engineer and several of Childress' co-workers were on hand to witness the presentation.

A crane, hoisting a metal concrete floater, last month slammed into hot power lines on the freeway near Lemon Grove. Allred brushed against the floater and was instantly shocked to the ground, unconscious. Childress rushed to the victim. He was also jolted but remained conscious to give immediate artificial respiration. He worked steadily for 15 minutes before Allred began to breathe.

Allred was taken to the Grossmont Hospital but has since been released.

## CHRISTMAS TOYS

### CAN BE DANGEROUS

Looking toward the safety angle is an important thing when shopping for Christmas toys for the youngsters. An article by the San Diego Department of Public Health stated recently:

Throughout the nation Christmas vacation brings more than its share of eye injuries to children. Christmas toys are often responsible for the tragic damage.

In recent years North Carolina physicians have tried to educate parents about the hazards of toys

and have reduced holiday eye injuries in that state. They have listed the air rifles as the most hazardous Christmas toys, followed by the bows and arrows and the spring rubber cup pistols.

The moral: any toy that throws a missile is dangerous. Those used indoors can be treacherous. Eyes have been blinded when missiles have ricocheted from their target to bystanders or even the child firing the toy gun. One of the best safeguards is the preparation of target from which missiles cannot ricochet. The target should be backed by a bag filled with cotton, sand or straw. With this precaution eye injuries may also be reduced here in San Diego County this year.

There will be an award for outstanding Heartland federation personality. The Heartland Square Dance Federation will select one person who has done the most toward publicizing square dancing in the name of the Heartland federation and stimulating interest in square dancing. The personality will be selected by popular choice of the representative each year and must be a member of the Heartland Club or the Heartland Callers Association. Heartland Square Dance Federation elected officials and appointed office holders are excluded and cannot be nominated. Accomplishments of the present calendar year will be the only activity considered as qualifying factors for the award.

The person chosen for this honor will receive an engraved plaque at the Heartland Federation installation dinner in recognition of their achievements. Presentation will be made by the outgoing president.

## Lemon Grove and National City Couple Join Hands

Miss Joan Larson, daughter of Mr. and Mrs. Frank J. Larson, 7209 Mt. Vernon Avenue, Lemon Grove, was given in marriage by her father on Wednesday to Robert Jennings McCormick, son of Mr. and Mrs. Fred Earl McCormick of National City.

The ceremony was performed by Bishop John C. Ek of the Church of Christ of Latter Day Saints.

After a reception for 150 guests in the little lodge, the newlyweds left for a wedding trip along the California coast.

The bride was a graduate of Helix High School, and the groom, a graduate of Sweetwater High School, studied at San Diego Junior College.

Business in Lemon Grove will be a lot better when everybody adopts a trade-at-home policy.

## GROSSMONT BAND DOES IT AGAIN—TAKES HONORS FOR SIXTH TIME

Grossmont High School Band won top honors at the All-Western Band Review at Long Beach Nov. 24, making the sixth time these tooters have brought home the bacon. Grossmont won the Mayor's Trophy over 61 other California senior high school bands competing in the three-hour parade.

It was the third consecutive year Grossmont has won the Mayor's Trophy, which means the school retains permanent possession. Grossmont retired the former first prize, the Sweepstakes Trophy, by winning it in 1946, 1948 and 1953.

El Cajon High School took third place in Class B and St. Augustine High School was third in Class C.

Lama Wahler, 16, of Grossmont, won a first place in the girls' division of non-twirling majorettes.—D. H.

## RETIRED DENTIST PASSES ON

Dr. H. Stephen Smith, 83, a retired dentist who had practiced in San Diego for 45 years, died Friday in his home, 1996 Ensenada Avenue, Lemon Grove.

Dr. Smith, who also had a medical degree, retired in 1945. He came to San Diego after his graduation in 1904 from Jefferson Dental College in Jefferson, Mo. He also was a graduate of Philadelphia Medical College. Affiliations included the Knights of Pythias and the Balboa Park Club. He was a life member of the latter.

Dr. Smith is survived by a son, Erwin Smith and a daughter, Frances May Smith, both of San Diego; five grandchildren and nine great-grandchildren.

## Goldenweds Will Celebrate 50 Years' Marital Happiness

Sunday, December 2 was a happy day for R. Warren Grimes, 8255 Adams Street, Lemon Grove, and his sister, Mildred Grimes, of San Diego, for on that day their parents, Mr. and Mrs. L. D. Grimes, 6163 Broadway, San Diego, celebrated their golden wedding anniversary with a reception in the son's home.

"Husbands and wives shouldn't try to manage each other's lives so much, should remember they promised to love, honor and cherish when they were married," said Mrs. Grimes. Mrs. Grimes is a small, gray-haired little woman with a quick smile, and her husband, who believes in drinking lots of milk and keeping active, were married Dec. 6, 1906.

Club. He was a life member of the latter.

Dr. Smith is survived by a son, Erwin Smith and a daughter, Frances May Smith, both of San Diego; five grandchildren and nine great-grandchildren.

## FOUR BIRTHS AT GROSSMONT FOR L. G. FOLK

Old Doc Stork's Airway Express delivered bundles of joy to four "Lucky Lemon Grove" folks in November, with two girls and two boys distributed evenly.

Mr. and Mrs. Robert Hartman, 2375 El Prado, were the recipients of an 8 lb. 1 oz. girl, born Nov. 5.

Mr. and Mrs. Robert Wunderlich, 2335 Bonita, drew a boy, weighing 8 lbs. 10½ oz., born November 5. Just think, these two youngsters will be schoolmates in

five years, probably at Golden Avenue School. Something romantic might develop. We'll tell you later if it happens.

November 9 Mr. and Mrs. Gerald Jackson, 7981 Imperial Avenue, were the glad recipients of a baby girl weighing 8 lbs. 6½ oz. (Notice how careful we are to note the exact weight of these precious bundles. You might think we had to prepay the postage.)

And on Nov. 13 Mr. and Mrs. James Mason, 7565 North Avenue, got a precious package, prepaid, with a boy! Young Jim weighed 6 lbs. 14 oz.

Our staff gladly welcomes

## 'Mac' to Give Five Turkeys Plus Trimmings

There are going to be at least five turkey feasts in Lemon Grove this Christmas because Mac Lewallen, proprietor of Mac's Monterey Market, 1827 Englewood Drive, is going to give

these young people to "The Best Climate on Earth," hopes that each and every one will grow up to be healthy, wealthy and wise.—D. H.

that many to his patrons. "I'm going to get the finest turkeys I can buy and give them to lucky door prize ticket holders on Tuesday, December 18," he said. "Not only will the winners get the bird but I'm going to give them all the trimmings, too."

Winners in a recent drawing for turkeys included Mrs. Bill Bowersox; Mrs. Anna Marie Field; Pearl King; Vern Page and C. E. Hoffman.

The store will have its usual selection of Christmas trees also, he reported. A truckload of them is on the way to the market from the far north forests, he said.

### Jaywalkers To Get Citations In W.C. Jr.'s Drive

You may get a citation, of a courtesy nature, of course, if you Jaywalk in Lemon Grove during the week of December 17th. Tickets will be distributed by members of the Lemon Grove Woman's Club Juniors as part of a safety program of the Council of County Federated Women's Clubs. The courtesy "citations" give jaywalkers a macabre choice. They may elect to have their remains, if they are crippled or killed because of jaywalking, sent to any one of nine hospitals in the county, or to the county morgue. In the photo above, Mrs. Tom Mitchell, 7824 Barton Drive, traffic safety chairman for the Juniors is giving one of the lapel tickets to Mrs. Walter Zane, 2646 Covington Street. Mrs. Zane is the club's newest member.

## The Dimmer View

By MAX GOODWIN

Across my desk recently came three pieces of correspondence signed by George A. Scott, the man who conceived the College-Grove shopping center which will be built on the 77-acre corner hilltop sweeping up from the new freeway toward the Chollas radio towers near College Avenue.

Only one letter was addressed to me. The other two were addressed to civic leaders of the community. The letter addressed to me told of support he wished to give to the yet-to-be-chosen Lemon Grove girl in the upcoming Mother Goose Parade in El Cajon. He asked our aid in choosing the candidate.

The local candidate became Doree Radici, 17, of 1655 Dupont Drive and his financial support accounted for her being the top semi-finalist. She finished third in the finals and rode in the parade as one of the queen's court.

He indicated in this letter that he did not seek publicity for the support he was giving and I felt mildly uncomfortable to think that support for local talent had to come from a person yet to establish business residence here.

But Scott will establish his development here and it will be opened in September, 1958.

In spite of the fact his coming here is two years away, Scott has already become a force in this community. The Woman's Club Juniors' Lilac Time style show just one year ago was one of the most successful ever given locally. Scott underwrote a large part of it... including the dispersment of huge quantities of trading stamps. He even had the Juniors require me to model my unpretty, bony legs in a pair of Bermuda shorts in one of the skits.

Commercialism cannot be applied to all of his local actions. In the matter of Lemon Grove Little League, for example, he agreed to sponsor a team at a cost of \$350. Mrs. Isabelle McCrae, secretary of the league, forwarded Mr. Scott's letter to me, asking me to publish it. This accounted for the second of the three letters. In this one Scott chided Mrs. McCrae rather severely because she had solicited him on the basis of gaining some community good will in exchange for his league support. In this letter he told her (we will do it)... "because it is the thing to do and not just because we are in the retail business. Commercialism is a proper motive... but not sufficient unto itself to cause a man to help."

Actually, Scott support five Little League teams throughout the city but he told me he does it only when the need for help appears desperate.

Mrs. McCrae sent me a note with Scott's letter saying that she realized the only way Mr. Scott could recover anything on his \$350 investment is through the publicity she felt the local newspaper would afford, and on that basis she asked me to print Scott's letter to her.

The final letter of the three was supplied by the local Chamber of Commerce. It was Scott's acceptance of a position as board member of the chamber. He will serve until December, 1958, and as part of his acceptance he wrote that "nothing has pleased and honored me as did your cordial invitation to a membership on the board."

I want to guarantee, here and now, in black and white, that commencing with Scott's service on the board, the chamber of commerce will never again be the same. The spirit of manana will be a thing of the past and the board will become involved in so many projects that will actually have a connotation of commerce that by the end of next year every board member will be amazed and surprised at the board's accomplishment... and the energy will stem from Scott.

How do I arrive at this conclusion? I've worked on committees with Scott. He drives. He leads. But most important, he works harder than any member on any committee. His reputation for getting the job done is fantastic.

I predict a resurgence of civic and community interest built around our chamber of commerce and the energy will stem from G. Scott.

## Six Major Teams Gain Sponsorship In Little League

Team selection will begin in January for the 1957 Lemon Grove Little League baseball program. It was decided Monday evening at the San Miguel School auditorium.

Treasurer, Mrs. Isabelle McCrae, reported that the Little League funds now stand at \$1,422.17, representing cash receipts from sponsors, membership fees, donations, and miscellaneous.

This brings the total to six major league team sponsors now pledged; the Lemon Grove Junior Chamber of Commerce, the Lemon Grove Kiwanis Club, the Lemon Grove Sporting Goods Store, Qualitee Dairy Products, Theo's Cancellation Shoes, and the Walker-Scott Co.

Two minor league sponsors have been secured to date: C.P. Appliances and the Lemon Grove Veterans of Foreign Wars. Four more are needed, and may be had at a cost of \$150.00 each for the 1957 season.

## School Board May Pass Up Xmas Eve Meeting

Reports on progress of the maintenance shop building and the securing of sales tax funds for a possible recreation development are included on the Monday evening agenda for next week's school board meeting. Beginning at 7:30 p.m. at the Education Center on Lincoln, the Lemon Grove board meeting will

## Square Dance News

### SQUARE EIGHTERS

Visitors Wednesday were from Hoofers and Goofers, Forward Eights, and Cloverleaf.

Beth Morgan was the lucky winner of the jackpot. Now it starts building again.

Wednesday, December 12, will be the Christmas party dance. Pete and Helen Mighetto will be calling with several guest callers. There will be no dance on December 19, but on December 12 at La Mesa Legion Hall.

### THE COUNTRY COUSINS

The Country Cousins are squaring their sets regularly at the La Mesa Jr. High School Auditorium on Saturday nights.

In recent weeks, we have been honored with the presence of such fine callers as Johnny Sauer, Eddie Gaut, Mike Vesock, Lee Waddell, Gene Johnson, Walt Tremayne, Hoppy Hopkinson and Marvin Taylor.

We believe our own caller, Marvin Yates, rates with the best of them, and he keeps us busy with his own particular brand of patterns and patter calls. We dance from 7:30 to 10:30 with the first part of the evening devoted to

also include consideration of changes of policy regarding non-certified leave benefits.

They will also consider postponing the second board meeting for this month, which, if held according to the regular fourth day schedule, would be on Christmas Eve, December 24.

## advanced workshop.

### LEVIS AND LACES

Party night at the Woman's club was our way of saying Merry Christmas to the many square dancing clubs and friends from far and near as La Jolla was represented by dancers from the Jewel Squares.

Clarence Montgomery played Santa and gave out prizes. H&H Tunetwisters furnished the music for guest callers Juan, Don Franks, Wally Riggs, Bill Ott, Sr. and Johnnie Fisher. Thanks to the committee Kathryn, Morrie Richardson, Beverly, Mac Swinney, Peggy, Jack Chappell, Dottie, Curly Maxfield and Eae, Eddie Domene for a very successful Christmas dance.

Levis and laces dance very Wednesday night at 8 p.m. at the Woman's Clubhouse.

## M.H. P.T.A. Members Get Parliamentary Certificates

At a recent Mt. Helix Council meeting, the following Monterey Heights P.T.A. Board members received Parliamentary Procedure Certificates for completing this course: Mrs. Donald Burnworth, Mrs. Lane Carroll, and Mrs. Steve T. Jurchenko. The course was under the supervision of Mrs. Byron Netzel.

Mrs. Jurchenko has called a board meeting Saturday to discuss the Welfare Christmas gift to an underprivileged family, and to further discuss the plans for a scientific Expedition to Mt. Palomar for the students of Monterey Heights School.

## Another Study Class

For Jr. Hi P.T.A.

### To be Held This Week

Rev. Bruno Poeschel, parent education chairman of the Lemon Grove Junior High Parent-teacher association, has another study class, Thursday, (tonight) at 7:30 in the school cafeteria.

### ABOUT CIVIC CENTER

the child lives with a relative.

"But Gibson pointed out that it is the children without a relative to turn to who need money," MacDougal said. "Gibson put up such a hot-under-the-collar fight for these youngsters that finally the welfare committee agreed to give his proposal a unanimous vote of approval."

If Congress approves Gibson's plan, San Diego County will benefit in excess of \$100,000 a year.

(That is the first tangible money-getting result of attendance by a county official at a convention that I remember hearing about. I'm strong for Gibson and his actions on the welfare board. Also for his stand-up attitude in the board's deliberations.—D. H.)

All of this accounted satisfactorily for Gibson's absence.

**Matters Set for Hearing**  
Nina Ray, Spring Valley's leading lady realtor, who was to be heard at 11 a.m. on a road matter at the corner of Campo Road and Bonita Street, sent word that she was unable to be present, asked Dave Bird to make her apologies and tell the board she would like to have some signs changed at that point. It seems

that it is a matter for the state highway, which is involved with Campo Road in Casa de Oro section.

Reclassification from R-2 to M of property in the Lemon Grove Section, requested by Anthony F. and Amy N. Sonka (the planning commission recommends that property designated Parcel 1 be changed from R-2 to C, and that property designated Parcel 2 be changed from R-2 to M; and that certain easements be given the county by petitioners and by the State of California. Easement requested from Mr. and Mrs. Sonka was received and accepted November 7, 1956. Easement has not been received from the state.)

**Lemon Grove Drainage Complaint**

Letter from department of public works concerning the drainage complaint of Mrs. Inez Garren, Lemon Grove; stating that Mrs. Garren had been informed as to the status of the proposed improvement of Broadway, in Lemon Grove, and the possible relation of her problem with the improvement of Broadway, in compliance with the board's order. (Reference 6-26-56 No. 145) Filed.

Statement of the surveyor and road commissioner of estimated and actual costs of following day labor projects: Work order 1-1311 (Crane Street, Lemon Grove) by grading, installing drainage structures and providing a bituminous surface treatment, a distance of 0.47 miles, estimated cost \$7,365, actual cost \$6,107.02. # Throwin' The Bull

By BOB TURNBULL  
It's a Joke, Son!... Miss Schutte: "The exams are now in the hands of the printer. You have three days to review the term's work. Any questions?" Voice from the rear: "Who's the printer?"

—BT—  
The Cool Fads... South Pennsylvania high schools feature

steady couples where the guy wears a colored patch sewed on his denim. The gal wears a matching patch on the cuff of her bobby-socks. Bows are the latest in Kansas with the teens. In fact the crazy kids wear 'em every which way — pinned on shoes, socks, skirts, shirts and in the hair. V-neck sweaters in pastel colors are tops with dolls in Virginia. And the fellows dig it the most to wear black derby hats. Albuquerque, New Mexico, tells a silent story with shoelaces. Left shoe lace upside down means she's looking; both shoelaces upside down is the sad fact she's steady-

ing-it!  
—BT—  
Sport Flashes... Helix's perfect football machine racked up 275 points in eight games while holding their enemies to a mere 40 digits. Helix placed second in the Metro League cross-country meet. Lemon Grove's Dick Burgreen placed fifth. Pushed around St. Augustine is guaranteed a league to call home for 1957-58. State College's Aztec harriers took their sixth straight CCAA cross-country title. For its second football year, third year in existence, San Diego University will knock helmets with such gridiron foes as

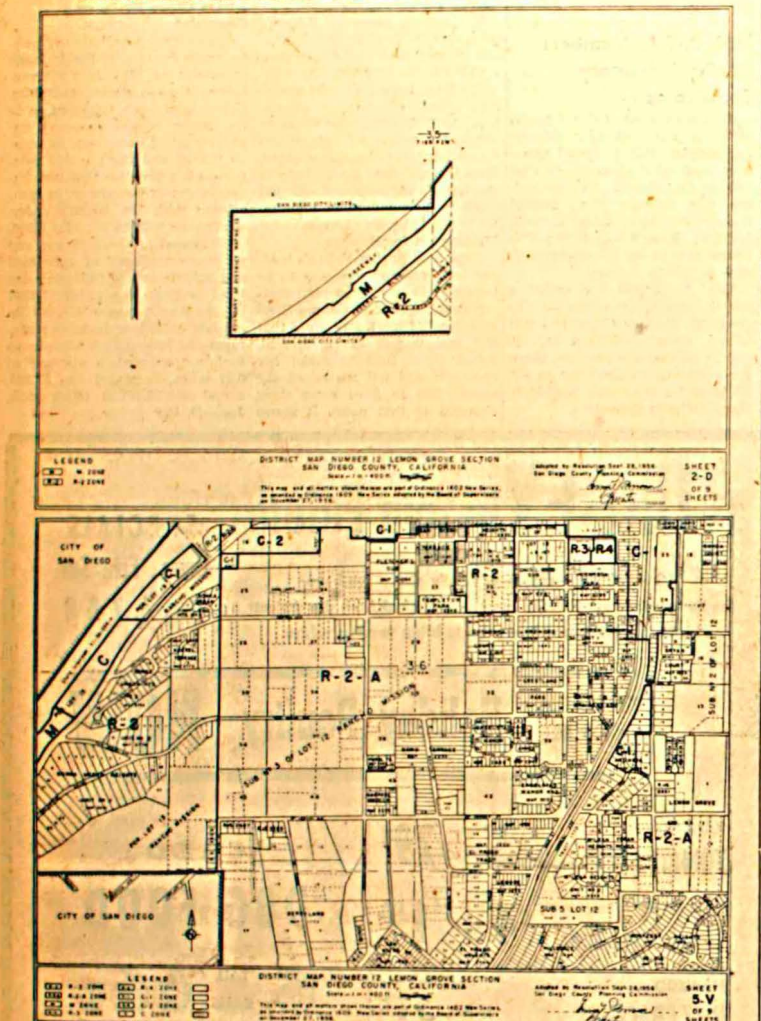

Pepperdine, Pomona, Redlands, Whittier, Arizona State (Flagstaff) and possibly L. A. or S. F. State.  
—BT—  
Altar Arrests... Congrats to Lemon Grove's Tom Simmons who will claim La Mesa's Sharon Whaley as his bride. Both are Helix grads. Dick Milbrodt Jr. is the proud husband of Marjorie Thacher. Helix grad Marcine Kendall is engaged to Olin Tower, ex-Grossmont. Still another Helix alumna is facing the altar. Carol Shaw will play the housewife role to Dick Nielson. Spring Valley's Shirley Jagosz happily switched to Mrs. William Flippin.

GOD ONLY CREATOR OR CAUSE SAYS SERMON  
The Lesson-Sermon in all Christian Science churches on Sunday will be on the subject "God the Only Cause and Creator."  
The Golden Text, taken from the prophet Jeremiah, sets the tone of the sermon, "The Lord is the true God, he is the living God, and an everlasting king: He hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heavens by his discretion" (10:10, 12).

STATE SHOWS PROFIT FIRST TIME IN FOUR YEARS  
The glad news comes from Sacramento that the state showed a profit of 62 million dollars last year, the first time in four years that the state had operated in the black.  
State Controller Robert C. Kirkwood published the figures. He said the surplus resulted "partly from increased revenues, reflecting a rate of economic expansion which far outdistanced estimates

made by economists both in and out of government — and from substantial savings of 22 million dollars in expenditures under budgeted allowances."  
Kirkwood said the general fund surplus as of June 30 was \$145,729,412, an increase of \$69,240,504 over the surplus on June 30, 1955.

Dis 'n Dat... Quips on Helix pageant, suspended students, and Presley hair-do's.  
Helix's annual three day American heritage pageant was its usual success. Nancy Madison was chosen "Statue of Liberty." A lot of hard work and many hours go into this lavish high school production. It's a shame that any young high school freshman and sophomore boy and girl think of themselves as so grown up and intelligent that they get either suspended or expelled from school. Not only is that a black mark against their family and friends but it will harm them in their future life. The usual reason is "gloating" in class, ditching, marriage or pregnancy. 'Tis a shame. As far as I'm concerned if a guy wants to wear his hair "Presley style" that's his own personal biz. Unless it interferes with the school they have no legal right to "boot" him out.

DOGS CAN GET RABIES FROM SKUNKS  
The gun has been cleaned, shells bought, supplies and dog loaded into the car and you are ready to travel.  
Your hunting trip seems to be well planned. But is it? Or did you forget the most important item, to have your dog vaccinated?  
The California State Department of Public Health has recently warned hunters of the danger of valuable hunting dogs being bitten by rabid wild animals. According to the state report, rabies in wildlife has increased greatly during the past year, especially in skunks.

Of particular interest to hunters is the fact that many counties are forbidding dogs to be brought into their area unless they have been vaccinated against rabies.

Door prize at the Lemon Grove Lions Club Halloween party was a table television supplied by CP Appliances. Winner was John Cyrus, 1465 Grand Avenue, Pacific Beach.  
Cyrus, a member of the Quiet Birdmen, a flyer's organization which meets regularly at Michael's, bought the ticket from Henry Goldy, proprietor of the cafe. Goldy, left, a Lions Club member, made the presentation of the receiver to Cyrus during a QB meeting last week.

## ONE WAY TO DO IT

RENEW, Nfld. (Spcl.)—After digging a hole 18 feet deep, trying to get water, a man here got disgusted and left. Returning to fill in the hole, he found his brother's horse staring up at him unhappily. Faced with the problem of getting the horse out of the well, the two men came upon a happy thought. They slowly dumped clay into the hole and the horse cooperated by stomping it down. When the hole was filled, the horse was on top of the heap and casually strolled away.

## Student Troubles

### Traced to Eyesight

Poor grades of many students can be traced directly to visual problems, Dr. A. M. Skeffington, St. Louis vision authority, told optometrists at a seminar in El Cortez Hotel.

Parents and educators should understand neglected visual problems interfere with a search for meaning, he said. When proper correctional steps are taken, many reading problems will disappear.

## Services Held

### For Mrs Sarah Cornell

Graveside services were held at Greenwood Memorial Park Monday for Mrs. Sarah Eleanor Cornell of 4115 Conrad Drive, Spring Valley. She passed away at 3:30 a.m. Friday, after a short illness.

Mrs. Cornell was born in North Wales, England in 1868 and had lived in the San Diego and Spring Valley area for 50 years. She was the stepmother of Mrs. John Fenneken of the Conrad address, and was well known as an artist and musician.

Mr. Max Goodwin

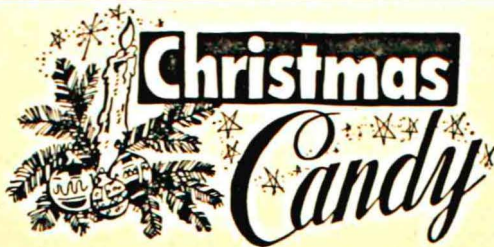

Dear Mr. Goodwin:

I have a message for the people of Lemon Grove, Spring Valley, etc. I don't know of a better way to reach them than by a personal letter to our Editor. As you know Opal (my wife) and I operate our store without other help. No deliveries, no extra overhead. Due to my poor health the last few years this has been quite a chore. Now we need a certain sum of money (who doesn't?) quickly. We are willing to sacrifice our profits on our new clean merchandise until this sum is attained. 20% discount will be given on all purchases of \$20.00 or more.

On the scene of the accident in minutes after being notified, and took charge of the clearing away.

## Speakers Urge Borough System in San Diego County

Miles Nagel, former mayor of La Mesa and John Abbott, Spring Valley realtor, speaking to the Casa de Oro Civic Association last Tuesday night urged citizens of the area to seriously consider the borough system in San Diego County.

Nagel pointed out that everyone knows the name of a baseball or football player, but very few can tell you the name of his congressman. He said that we have the best government in the world and it is up to all Americans to know how their government operates.

When a problem comes up we should know which official to turn to. Many people in the county go to their board of supervisors when the problem may be for some other body.

Nagel said that soon after the holidays he will release an article to the local papers explaining the borough system.

John Abbott, explaining how people can work together, cited the case of our original 13 colonies and how a small group, by means of close cooperation formed our constitution, which was the great step toward making our great nation what it is today. He said we are still in the same situation we were in the Colonial days, we still need cooperation of small groups and the revival of government spirit.

The Casa de Oro Civic Association was urged to form a committee to study the borough system in its entirety.

## MOUNT MIGUEL HI SCHOOL (Continued)

The new school will have covered corridors, copper radiant heating and home science rooms that will be complete with refrigerators, ranges and mixers.

The plans originally called for a swimming pool. Increase in building costs since first estimates were made, and failure of the tax base to increase enough to stand additional bonding, dictated the need for deferring the pool.

To keep the cost within the budget, 13 alternates were considered, according to Lewis Smith, superintendent of the Grossmont High School District. He said construction costs had risen an estimated 10% since the decision to build had been reached. Deletion of the pool appeared the most feasible, he stated.

Smith said that Mt. Miguel cost per foot was the lowest for a high school in California in the last two years. By comparison, El Cajon high school, completed in 1955, in a period when building costs were less than at present, cost \$3.40 a square foot more than Mt. Miguel. That school, and several others, were designed by Kister, Curtis and Foster, architects. It was built by Carpenter. Based on

the El Cajon high school cost, Mt. Miguel would have cost a half million dollars additional.

Superintendent Smith said the new school's proximity to a newly proposed San Diego city boundary line would not affect the functionalism of the school.

"We have firm commitments from the San Diego school system people that they will resist any effort in that area to annex to the city school system," he said. "It is possible that the adjacent territory could annex to San Diego but they will be required to be in the Grossmont High School District."

He pointed out that the nearest high school, Lincoln, is overloaded now. San Diego school system has many other school problems to iron out before they can hope to resolve a school population crisis in the Jamacha-Sweetwater area. If that area becomes so densely populated that a city high school were to be built, Mt. Miguel likewise would be overloaded he added.

Smith said Mel Grant, vice principal at Helix, and Virgil Duea, counselor at Grossmont would be principal and vice principal respectively.

After Mt. Miguel is completed, the district will consider a high school at Lakeside, said Smith.
